FRIDAY 8 FEBRUARY 2019

**A PRACTICAL DAY WITH THE FIVE ELEMENTS
WITH NORA FRANGLÉN & GUY CAPLAN**

**FOR PRACTITIONERS & STUDENTS
INTERESTED IN LEARNING MORE ABOUT THEIR PRACTICE**

As well as deepening our understanding of how the five elements present themselves in all of us, we will be helping practitioners with their diagnosis by looking at class patients, and suggesting appropriate treatment schedules for them.

Participants are invited to put forward the names of any patient they would like help with.

Please note that this day will be held at a new, smaller venue, and that the total number of participants this time will only be 18. Early booking will therefore be essential if you want to be sure of a place.
